

## **May 31, 2014 - 4 Seasons Recreational Club Monthly Meeting**

Secretary's report was approved as read on a Mick/Mike motion.

Treasurer's report – There was a question about a check to Doucette. Since Jean was not present to explain the payment, the treasurer's report was approved subject to clarification on a Chuck/Bob motion.

### **Bills and Correspondence**

- Received a bill from Greg Jensen for website maintenance and domain name for \$27.99. A Mick/Tim motion passed to pay.

### **Old Business**

- Road clean up was canceled due to weather. It was rescheduled for June 14. Anyone available to help is welcome. We will meet at the club building at 10:00 a.m.
- Some trail work has been done, but there are still many signs that need to be repaired and/or replaced mainly on the east side. Dick and Jack will try to get out in the next couple weeks.
- Jon got some door prizes from one of his distributors for the open house. We will also give club clothing. Open house is July 12. He will check with Jean about how much food we ordered last year and will get the same for this year's open house.
- Jean Boop asked about the playground equipment. The town rec committee is working on getting new playground equipment at the town hall, but they are not doing anything for new equipment at the ball park. Bob will contact the town to see what information they have regarding equipment to see if we can get the same/similar and present at the next meeting.

### **New Business**

- We need more help for summer grooming. Anyone interested in learning to use the tractor and do some grooming should contact a board member.
- Jon will get bids for gravel from Undeen and Hopkins.
- Logging on trail 3 is Complete, however they still have some clean up.
- New trail requests will be submitted to the town in late summer.
- Meat raffle volunteers 6/7 Bill & Colleen; 6/21 Bob & Dick or Doris

### **Food and Fun**

- Bob has volunteered to do a cost analysis and determine if we need to change our prices based on increased food costs.
- Mike proposed having 2 food lines. Doris has made a volunteer worker schedule to ensure we have enough volunteer help to serve food and sell tickets. Anyone interested in helping at Food and Fun should contact Doris.
- Jon received information from a new company that would like to supply the inflatable kids toys. We need to get clarification from Jean about the check to Doucette to see if the games have already been reserved. A Bob/Tim motion was passed to let the board made a decision about who will supply the inflatables this year.

Meeting adjourned on a Mick/Chuck motion.

Respectfully submitted,

*Doris Youngquist, Secretary*
